

Rebate Amount

Rebates of up to \$55 are provided for each 1.6-gallon Ultra Low-Flush Toilet installed not to exceed the purchase price of toilet.

Additional Savings

Based on the water savings assumption of 22 gallons of water saved per Ultra Low-Flush Toilet per day, the average homeowner can save .025 acre-feet of water per year per ULFT (an acre foot of water is approximately 326,000 gallons). That's a savings of over 8,030 gallons of water for each ULFT installed!

The level of incentive is

Program Description

The Ultra Low-Flush Toilet Rebate Program is a water conservation incentive program that offers residential water customers a chance to replace their existing high water use toilet fixtures for water saving Ultra Low-Flush Toilets (ULFT).

Funding for the ULFT program comes from the Metropolitan Water District of Southern California Residential Ultra Low-Flush Toilet Incentive Program provided to Riverside Public Utilities (RPU) through an agreement with Western Municipal Water District.

Program Guidelines

- This program is available to Riverside Public Utilities residential water customers. If applicant is a tenant or renter, the property owner must sign the application.
- The level of incentive is \$55 per qualified unit not to exceed the purchase price of the new unit. Customer may purchase for rebate up to 2 qualifying units per water account.
- ULFT must be rated at 1.6 gallons per flush or less replacing units using a higher volume of water per flush.

Effective July 1, 2006

Only Ultra Low Flush Toilets listed on the following website will be eligible for a rebate.

www.ladwp.com/ladwp/cms/ladwp006244.pdf

No exceptions will be made

- Qualified units must be installed and in operation at the customer's service address before applying for rebate.
- Residences built or bathrooms remodeled since 1994 are not eligible for participation. Existing ULFTs are not eligible for replacement.
- Once ULFT(s) is installed, mail your application along with copies of legible, dated sales receipt as proof of purchase to Riverside Public Utilities.

- ULFTs are subject to inspection for program compliance. Customer's failure to permit such inspections shall obligate the customer to repay the amount of the incentive received by the customer for that installation. The incentive amount shall be billed on the customer's regular utility billing from the City and shall be a part of customer's utility service charges payable to the City.

- Customer must sign liability agreement on application.
- Application must be submitted within ninety (90) days of receipt purchase date in order to qualify for rebate.
- **Program subject to change without prior notification. Rebates are given on a first come, first serve basis subject to fund availability.**
